

## T22 Car Tracking Device

"The Trusted Friend for any Car or Fleet Owner"

Tramigo T22 Car Tracking Device is the best selling GPS vehicle security and fleet management product.

- Check location of your vehicle anytime, anywhere with text messages (SMS)
- Get instantly notified in case of car theft and stop your car with SMS
- Receive useful reports such as speed, trip or zone crossings
- Use local language commands on any mobile phone or PC
- No monthly fees, location information with local GPS powered TLD landmarks\*

T22 Car Tracking Device enables you to know always where your vehicles are and is easy to install to any car, truck or heavy vehicle. It can be installed fully hidden and powered from vehicle's battery.

T22 Car Tracking Device has special version for each country using local language and local TLD landmarks. There are no monthly or annual fees; the user only pays the normal price of the SMS messages sent.

### T22 Car key features include:

- Microphone for in-vehicle Listening
- In-built back-up battery and motion sensor
- Speed Reporting, Trip Reporting, Zone Monitoring etc.
- Automated time and distance based location reporting
- Free Smart Phone and PC Software for Fleet Owners
- Shut Down Engine, Ignition Sensing and Other IO features
